

# **Blake Walsman**

## **Class of 2015**

**Business Management Major**  
**Cincinnati Christian University**

**Education after BHS:**

I currently attend Cincinnati Christian University, majoring in business management, with a concentration in sports management. I will graduate next month.

**Activities, Awards, and Future Plans:**

I am a member of the Cincinnati Christian University basketball team and was recently named to the East All-Star Roster for the National Association of Intercollegiate Athletics (NAIA) All-Star Basketball Team. Outside of classes, most of my time is spent playing basketball or working. After graduation, I plan to either go back to school to obtain my master's degree or play professional basketball overseas.

**Family:**

My parents are Toby and Carin Walsman. I have one brother, Jordan, and two sisters, Kalyn and Chelsie.

**Activities while at Batesville High School:**

I was very involved in sports while at BHS. I played football my freshman year, tennis my sophomore through senior years, and basketball all four years.

**Best education-related memory from BHS:**

All of the PLTW (Project Lead the Way) classes with Craig Hughes were my favorite. I found them all very interesting.

**A personal quote about the importance of education:**

Getting an education is very important. Through education, you can receive knowledge you need for the specific field of study that you are passionate about.
