

Rep. Randy Frye  
Class of 1973

## **Indiana State Representative, House District 67**

**BHS activities:** I was on the track team and ran the mile and two mile.

**Life after BHS:** Education: Cincinnati Christian University - AA in Christian Vocation; Florida State Fire Academy - Professional Firefighter; South Tech Education Center, Boynton Beach, FL – EMT; Palm Beach Community College - Paramedic Professional: Retired Professional Firefighter City of Indianapolis after 26 years; former owner of Blue River Telecom (an IT business telephone company.); Legislator of the Year Indiana Fire Chief's Association 2012; Legislator of the Year 2013 Indiana Clean Cities Coalition; Legislator of the Year 2014 Indiana Volunteer Firefighter's Association; 2016 Outstanding Public Servant Award Indiana Veterans of Foreign Wars (VFW). I also received multiple awards throughout my firefighting career.

**Best memory from BHS:** I enjoyed biology with Mr. Yarber.

**Thoughts on education:** Education is the tool of opportunity. For those not prepared with the tools for an opportunity, it's no opportunity at all, and for those prepared but not looking for an opportunity, it becomes an opportunity for someone else.
