Best education-related memories from BHS:

- I have several cherished memories from BHS, but something I still miss is spending my mornings painting in art class with Mrs. Cambron, Spanish class with Mrs. Lake, and participating in the spring musicals with Mrs. Barnett. I also loved being challenged by TJ Greene (swim team) and Mrs. Gausman (track and field). Every teacher and coach gave their best and expected the best from each student. I was often surprised by what I was able to accomplish, which was due to their continual belief in their students and unwavering high expectations.

A personal quote about the importance of education:

- "There's something to learn from everyone. With an open mind and eagerness to learn, you can use any experience to further your education."
