**JULIA (ROELL) HAYNES, MD
BHS CLASS OF 2012
MADISON, WISCONSIN**

Education and Training after BHS:

- DePauw University, Class of 2016, Greencastle, IN
 - Bachelor of Arts, Biology and Biochemistry
 - Summa Cum Laude
- Indiana University School of Medicine, Class of 2020, Indianapolis, IN
 - Doctor of Medicine
- University of Colorado, Class of 2023, Aurora, CO
 - Internal Medicine Residency Program
- University of Wisconsin, Class of 2026, Madison, WI
 - General Cardiology Fellowship Program
- Plan to pursue Interventional Cardiology (1-year program) following my General Cardiology Fellowship

Volunteer Summary:

- High School – St Louis Mission Team (Four 1-week trips to various locations in the US)
- College – Timmy Global Health (Two 2-week trips to Ecuador)
- Medical School – CoCoDA (1-week trip to Nicaragua and one 4-week trip to El Salvador)

Residence:

- I currently live in Madison, Wisconsin.

Family:

- My husband Joe and I met at DePauw University in 2014. We were married in 2021, after a COVID delay. He's been my absolute rock through all of my training.
- My parents, Paul and Susan Roell, are enjoying retirement and still reside in Batesville.
- My brother, Alex, graduated from Batesville High School in 2017 and from Purdue University in 2021. He works as an Implementation Consultant with Hy-Tek Intralogistics in Northern Kentucky.

Activities while at BHS:

- National Honor Society
- Spanish Club (4 years)
- Indiana University Honors Program in Foreign Language—Spain
- Swim Team (4 years)
- Track and Field (2 years)

Best education-related memories from BHS:

- I found my love of science in Mr. Raab's chemistry classes. In the three chemistry classes I took with him, I learned to be curious and always ask why. TJ Greene, who was the swim coach during my time at BHS, taught me the power of hard work and perseverance.

A personal quote about the importance of education:

- "The most important lesson I have learned through all my education and training is that you must take care of yourself to be able to take care of others. This rings true in all aspects of your life. To be your best at anything—whether it be student, spouse, friend—your mental and physical well-being needs to be your top priority."
